Health History Questionnaire

Please answer the following questions to the best of your ability. For the following questions, unless otherwise indicated, circle the single best choice for each question. As is customary, all of your responses are completely confidential and may only be used in group summaries and/or reports. All information collected is subject to the Privacy Act of 1974. If you have any physical handicaps or limitations that would require special assistance with this questionnaire, please let your trainer know. This form is in accordance with the American College of Sports Medicine guidelines for risk stratification when followed correctly by your trainer. Your trainer should be certified with a national organization in order to use these forms correctly.

1. Have you ever had a	definite or suspec	ted heart attack or s	stroke?	Yes	No
2. Have you ever had co	ronary bypass su	rgery or any other ty	pe of heart surg	ery?Yes	No
3. Do you have any othe					
(<i>other than</i> asthma,	allergies, or mitral	valve prolapse)?		Yes	No
 Do you have a history (circle all that apply) 	of: diabetes, thyro	oid, kidney, liver dise	ease	Yes	No
5. Have you ever been to	old by a health pro	ofessional that you h	nave had		
an abnormal resting o	or exercise (treadr	nill) electrocardiogra	am (EKG)?	Yes	No
6. If you answered YES t	o any of Question	s 1 through 5, pleas	se describe:		

	Do you currently have any of the following:	
	a. pain or discomfort in the chest or surrounding areas that occurs	
	when you engage in physical activity?	No
	b. shortness of breath	No
	c. unexplained dizziness or fainting	No
	d. difficulty breathing at night except in upright position	No
	e. swelling of the ankles (recurrent and unrelated to injury)	No
	f. heart palpitations (irregularity or racing of the heart on more than one occasion) Yes	No
	g. pain in the legs that causes you to stop walking (claudication)Yes	No
	h. known heart murmurYes	No
Ha	ve you discussed any of the above with your personal physician?	No
8.	Are you pregnant or is it likely that you could be pregnant at this time?	No
9.	Have you had surgery or been diagnosed with any disease in the past 3 months? Yes If yes, please list date and surgery/disease	No
10	. Have you had high blood cholesterol or abnormal lipids within the past 12 months	
	or are you taking medication to control your lipids? Yes	No
11	. Do you currently smoke cigarettes or have quit within the past 6 months?	No
12	. Have your father or brother(s) had heart disease prior to age 55 OR	
	mother or sister(s) had heart disease prior to age 65?	No
13	Within the past 12 months, has a health professional told you that you	NIa
	have high blood pressure (systolic ≥ 140 OR diastolic ≥ 90)?	No
14	. Currently, do you have high blood pressure or within the past 12 months,	
	have you taken any medicines to control your blood pressure? Yes	No
15	i. Have you ever been told by a health professional that you have a fasting	
	blood glucose greater than or equal to 110 mg/dl?Yes	No
16	6. Describe your regular physical activity or exercise program:	
	type:	<u>.</u>
	frequency: days per week	
	duration: minutes intensity: <i>low moderate high</i> (circle one)	
	minute in the second se	

8. Are you currently under any treatment for any blood clots?	•	nt for any blood clots?		Yes	No
No Do you have any back/neck problems? 1 Have you been told by a health professional that you should not exercise? 2. Are you currently being treated for any other medical condition by a physician? 3. Are there any other conditions (mitral valve prolapse, epilepsy, history of rheumatic fever, asthma, cancer, anemia, hepatitis, etc.) that may *hinder** your ability to exercise? 4. During the past six months, have you experienced any *unexplained** weight loss or gain (greater than ten pounds for no known reason)? 5. If you have answered YES to any of questions 18-24, please describe: Medicine: Reason for taking: Dosage: Amount/Frequency 27. Are there any medicines that your physician has prescribed to you in the past 12 months which you are currently not taking? Yes No	O. Danisa have marklane with house in				
1 Have you been told by a health professional that you should not exercise?	a. Do you have problems with bones, Jo	ints, or muscles that may be aggravate	ed with exercise?	Yes	No

Check the identified ACSM major coronary risk factors is Lipids (TCH ≥ 200 OR HDL < 35) Family History Diabetes/glucose ≥ 110 mg/dl BMI ≥ 30 Metabolic Disease Signs or Symptoms of Cardiovascular Disease Cardiovascular Disease	below: Cigarette Smoking (or quit within the past 6 months) High Blood Pressure/Blood Pressure Medications Sedentary Pregnancy Respiratory Disease (asthma, emphysema, chronic bronchitis)
Risk Stratification Apparently Healthy	Factors One or No Risk Factors (No medical clearance required)
Apparently Healthy Male \geq 45; Female \geq 55	One or No Risk Factors (Initial medical clearance required)
High Risk, No Signs or Symptoms	Two or More Risk Factors (medical clearance required)
High Risk, with Signs and Symptoms	One or More Signs/Symptoms With or Without Risks (medical clearance required)
Known Disease	Diagnosed Cardiopulmonary/Metabolic Disease (annual medical clearance required)
Pregnancy	Medical Clearance Required
All clients needing written medical their trainer prior	clearance from their personal physician must give it to to beginning their exercise program.

Health History Questionnaire follows the American College of Sports Medicine recommendations for risk stratification. This must be performed on all clients in order to determine the need for medical clearance and/or exercise modifications. Any trainer or those making exercise recommendations should be certified in the proper use of the risk stratification process through a national organization.

If a client has a YES response to anything on page 1, he/she has KNOWN DISEASE, and must have medical clearance prior to beginning exercise.

If he/she has a YES response to anything on #7 a-h on page 2, your client is HIGH RISK WITH SIGNS/SYMPTOMS and must have medical clearance prior to exercise. If your client has a YES response to questions # 8 or 9, he/she must have medical clearance.

YES responses to two or more on questions 10-16 on page 2, your client is HIGH RISK WITHOUT SIGNS OR SYMPTOMS and must have medical clearance (unless he/she also has a YES answer in question #7 making them still HIGH RISK WITH SIGNS/SYMPTOMS).

All other questions on page 3 are at your own discretion. Remember, when in doubt, refer out. Please also refer to the most recent edition of ACSM's Guidelines for Exercise Testing and Prescription (Williams & Wilkins) as well as the most recent edition of the ACE Personal Trainer Manual (American Council on Exercise) for more explanations on the risk stratification. It is your responsibility as a trainer to remain updated on all changes or modifications for risk stratification in determining the need for medical clearance and exercise modifications/recommendations.
